pre-concert talk

Join us in the theatre before the concert for a talk featuring composer Gilles Tremblay, flutist/composer Robert Aitken and Rhombus Media's Larry Weinstein. Renowned Quebec composer Gilles Tremblay will discuss his 1996 flute concerto *Traversée*, written for Robert Aitken — whose own work *Spectra* will also be performed. Larry Weinstein has recently been in Bali researching the work of Colin McPhee for a new film. He will discuss the music of this pre-eminent Canadian composer. In addition to performing McPhee's *Tabuh-Tabuhan* at this concert, Esprit will launch its latest CBC Records compact disc — a collection of McPhee's orchestral music.
